Educational Series

You are Invited to a free Luncheon Seminar:

When: *Thursday, January 17, 2013, 11:00 am to 1:00 pm*
Where: *Florida Hospital Flagler Lind Education Center, Classrooms A/B
60 Memorial Medical Parkway, Palm Coast, Florida 32164*

Seminar Title: “The Future of the Internet and Healthcare”

Hosted by the Florida Hospital Flagler and HospiceCare Foundations, this special presentation will be of interest to everyone who uses computers and the Internet. Our speaker, Mr. John Patrick, has been personally involved in the evolution of the Internet. Business 2.0 named him as one of the industry’s most intriguing minds, Industry Week named him one of the top 30 people who drive innovation and provide the initial spark to economic growth, and Network World called him one of the 25 most powerful people in networking.

You will not want to miss this extremely informative lecture. We are honored that Mr. Patrick, a part time Palm Coast resident, has agreed to share his wisdom and experience with members of our community. **Space is limited, so call (386) 586-4440 without delay...**

Our special guest lecturer for this event, **Mr. John Patrick**, is President of Attitude LLC and former vice president of Internet technology at IBM, where he worked for thirty-eight years. He has been heard at dozens of conferences around the world.

For more information or to RSVP call (386) 586-4440
